ALDERMEN ADOPTS COMMITTEE'S PLAN

New School House Will Not be Built in The Northwest.

TWO OPPOSE REPORT.

Five of Seven Members Averse to Placing Proposed Building Outside City Limits.

At the adjourned meeting of the Board of Aldermen last night the report of the joint committee on schools and finance submitted their report on the proposition to erect a new high school building. The report as submitted was substantially as published in the Gazette on Monday. The report having been amedded in some minor details was adopted. Five aldermen favored the adoption of the report, but two—Messrs. Brill and Ballenger,—insisted upon carrying out the original intention by placing it on the lot at Cameron and West streets, purchased recently by the city.

After concurring in the action of the Common Council on a number of papers acted upon by the lower board on Tuesday night, Mr. Field, chairman of the joint comittee, submitted the report, which was as follows

Your joint committee, finance and schools, who have had under consideration for some time the erection of a new high school building, feel very keenly the need of such a building in the near future. The lot which we purchased on the corner of West and Cameron streets has a considerable portion lying outside the city limits, and the city has a lot on the corner of Washington and Wolfe streets, adjoining the Washington school building, the size of which is about 87x156 feet.

Our financial condition is as follows:

On June 1 we owed a temporary loan of $45,000. Our appropriation bill for the present fiscal year, including this temporary loan, exceeds by our estimated receipts for the same period $10,000.

In addition to this, the street work now under construction and other items for which appropriations have been made aggregate $41.175, making a total of $51,715, which will be needed June 1, 1914, to carry us through, should we not make another appropriation for any extraordinary purpose during the present fiscal year.

In view of these facts now staring us in the face we deem it advisable to go slow for some months at least. We feel that to erect the high school on the West street lot would be to entail a further expenditure of at least $40,000, including the approaches to the site, grading, etc., and we recommend in view of these conditions, that the West street lot be sold, and that such a building as the school board needs be erected at some place within limits of the city, either on the lot adjoining the Lee School building on Prince street, or on the lot on the corner of Washington and Wolfe streets, preferably the latter, where we have a lot 87x156 feet, which seem ample for such building as asked for by the school board, and which we understand can be erected for $28,000 in addition to the amount that can be realized from the sale of the lot on the corner of Cameron and West streets.

Mr. Ballenger said he thought the figures set forth by the committee concerning cutting down the street and construction approaches to the proposed new building at Cameron and West streets were exaggerated. He favored the original plan and said Superintendent Sweeney and City Engineer Dunn thought this the most appropriate site.

President Marbury called attention to the fact that the city would be compelled to purchase a strip of ground in the lot acquired by the city which would necessitate a further expenditure of $3,500.

Mr. Brill asked Mr. Field if the report had been adopted by the joint committee by a unanimous vote.

Mr. Field—"Five out of seven approved it."

Mr. Brill, continuing, said there was room enough for the proposed building without the strip of ground which belonged to other people, which was concurred in by Mr. Ballenger.

Mr. Field spoke in favor of the report. He said he had endeavored to make himself believe Cameron and West streets was the proper place for the new building.

President Marbury said the City Engineer had stated it would entail an expenditure of $12,000 to cut down the street and make the proper approaches to Cameron and West Sts.

Mr. Ballenger reiterated his conviction that the cost of certain street improvements had been exaggerated by the committee. He saw no need of opening up Peyton street should the building be placed at Cameron and West streets.

Mr. Field said he wanted a new high school building as muhh as any one else, and he respected the wishes of the members of the school board and others who were anxious for this addition to the system but he was averse to constructing it in Alexandria county. Only some members of Council and members of the school board favored the Cameron and West street site, while many citizens had expressed their disapproval of placing the building beyond the city's limits.

Mr. Hill spoke on lines similar to those of Mr. Field. He said had the city secured Rosemont and other outlying territory through the recent annexation proceedings he would have insisted upon using the newly acquired lot for the high school, but under present conditions he was opposed to it. He referred to the fact that the city was about to expend considerable money within the city limits, and made certain observations concerning the present financial condition of the city. He suggested that the matter be recommitted and that the joint committee and the city school board come together and elect some other location which would meet with the approbation of all interested.

President Marbury suggested that the building first and last would entail an expenditure of about $100,000.

Mr. Ogden said when he voted to purchase the lot at Cameron and Queen streets he was not aware of the fact that six-sevenths of it was in Alexandria county. He was averse to building upon a lot belonging to somebody else. He, however, did not believe the lot at Washington and Wolfe streets was a suitable place for the proposed building. Some other place, he suggested, could be procured. He said the city could secure a square of ground on Columbus street, between Pendleton and Oronoco, opposite the baseball park.

Mr. Brill further opposed the proposed change in the location of the building.

A lull in the proceedings followed, during which it was suggested that certain amendments be made to the report, to which Mr. Field acquiesced, and after eliminating the words which made it obligatory upon council to build at Washington and Wolfe streets, and also to sell the newly acquired lot, and providing that Council an delect some other location within the city limits, the report was adopted by a vote of 5 to 2, those voting in the negative being Messrs. Brill and Ballenger.

Mr. Fitzgerald offered a resolution providing that when Council adjourned it be to meet again at the call of the presidents of the respective boards. Some objection being urged against adjournment until Common Council shall have acted upon the report on the proposed school house the resolution was withdrawn and the board adjourned.

SEMINARY NOTES.

Three Professors Return From Camping Trip.

Professors Green, Bell and Rollins returned to the Seminary yesterday morning from their camping trip at McNeil, W. Va. They will remain at the Seminary for a few days when Dr. and Mrs. Green will go to Nimrod Hall, in the Virginia mountains and Prof. and Mrs. Rollins will go to Asheville, N. C., early next week.

From advices received in this city today it is learned that Dr. Blackford continues seriously ill at his cottage Orkney Springs.

The floor of the Seminary Chapel, near this city, is now being laid in hardwood, and the pews are also being revarnished, with some other necessary repairs on that edifice.

The walks of the Seminary grounds are being laid in concrete. These improvements are made possible through the contributions received from the Class Plan Fund established by Dr. Crawford some years ago, and annually mainted by the various class graduated from the Seminary.

PRESIDENT HOPES FOR ARBITRATION

Warring Mexicans May Lay Down Arms and Have Election.

TIRED OF BLOODSHED.

Ballots Will Prove More Effective Than Bullets — United States Forbids Shipment of Arms.

Washington, July 24.—Suggestions to the warring factions in Mexico that they lay down their arms and settle their differences at a special election may follow the conference which President Wilson and Secretary of State Bryan will have next Saturday with Henry Lane Wilson, the American Ambasador to Mexico.

Convinced that the better element in Mexico is disgusted with the continued bloodshed and destruction of property, President Wilson is hopeful fu lthat he can persuade both sides to arbitrate their differences in an orderly manner.

Otherwise, and this, too, depends on what Ambassador Wilson may have to report, the United States may, as a last resort, send troops across the border and make the contestants behave.

In the mantime, the Huerta faction will have no advantages over the Carranza faction in the matter of getting arms and ammunition from the United States. Heretofore, while the Huerta forces were regularly importing weapons from this country, the Carranzatistas were shut off from obtaining them.

FIGHT FOR LOWER FARES.

Association Sends Committee To Interview Head of Railway.

Believing that a five cent fare to the District and better and more convenient schedules during rush hours is justly due them, the citizens of Clarendon and Ballston have organized The Clarendon & Ballston Service Association and will make a strong effort to obtain a reduced fare and improved service over the Falls Church Division of the Washington Utilities Co., between these Virginia towns and Washington.

Mr. Wm. Malone, chairman, in an interview recently said; "Yes we are going to fight for a five-cent fare instead of the present rate of a five-cent fare and a 4 1-6 cent car ticket, and a ten minute service especially during the morning and evening hours; for under the present fifteen-minute service cars are too infrequent and too uncomfortably crowded during these periods of the day. At our last meeting a committee was appointed to appear before the officials of this road with requests. The management at that time promised us better car service between 7 and 9 o'clock in the morning and 4:30 and 6:30 in the evening, but refused to discuss the question of establishing a five-cent rate in place of the present unjust rate of five cents and a car ticket for a six mile ride. We intend to go so far as to take the matter of rates up with the Interstate Commerce Commission and two prominent Alexandria County lawyers whose names can't eb made public just now have promised their support in the fight."

During the course of the last meeting it was stated that the methods of operating the draw in the Highway Bridge over which this line runs were lax, so a committee was appointed to wait on officials of the War Department with a protest regarding this last matter. It was also recommended that the Rosslyn station at the south end of Aqueduct Bridge remain as it is and not be removed as contemplated, as it will inflict hardships and inconveniences upon all those citizens of Alexandria County who are compelled to use this branch line of the company.

The next meeting of the Association will be held at Ballston at the home of Mr. Lyons.

DAILY NEWS TO SUSPEND.

Last Issue of Newspaper to be Published This Afternoon.

Following a report to the Corporation Court that the receivers found no money in the treasury of the Alexandria Daily News; its credit so badly impaired as to make it impossible to raise money to conduct the business, and its liabilities exceeding its assests by more than $3,000, C. S. Taylor Burke and Walter C. Foster, receivers, were authorized to suspend publication of the paper effective today. This afternoon's issue is the last that will be printed.

The report of the receivers to the court was as follows:

"We, the undersigned, who were by decree entered in this court on the 21st day of July, 1913, named as receivers in the above cause, and directed to take possession and charge of all properties, choses in action and assets of the said defendant corporation, owned by it or which might be in its possession, or under its control, collect all outstanding debts and obligations due to said corporation, and to conduct and continue its business until the further order of the Court, respectfully submit to your Honor as follows:

That the liabilities of the said News Publishing Company, incorporated, amount to fifty-four hundred ($5400.-00) dollars, itemized as follows:

Bills payable, ...	$1,225.00
Notes due on machinery, . .	$850.00.
Notes due Citizens National Bank, ...	$2,800.00.
Temporary loan for operating expenses, ...	200.00
Temporary loan for operating expenses, ...	325.00
Total, ...	$5,400,00.

The assets of the said corporation are about two hundred and fifty ($250.00) dollars of bills receivable, which are collectible, and a plant which in its present condition, in the judgment of your receivers, will not bring over two thousand ($2,000,00) dollars; this makes the total assets of the corporation to be twenty-two hundred and fifty, ($2250.00) dollars, subject to a lien of $850.00 due on the machinery.

Your receivers found no money in the Treasury of the corporation, and found the credit of the concern so badly impaired, that it is impossible to raise money to further conduct the business.

Your receivers further report that the editor of the "Alexandria Daily News," published by the defendant corporation, has resigned and that advertisers in the said "Alexandria Daily News" are withdrawing their business from the paper and leaving no working capital to go on.

In the judgment of your receivers, it is impossible to further conduct the business of the corporation, and we respectfully ask leave to suspend the operation of the defendant corporation."

Although the discontinuance of the paper will solve some of the questions confronting those interested in the publishing company, there are still a number of matters to give some one trouble.

A number of sensational rumors have been in circulation today as to action to be taken by individual stockholders and creditors against some of the people who have been interested in the publication and there is a probability of considerable litigation.

The failure of the Alexandria News follows months of struggles in the effort to place the paper on a paying basis. Its first number was published on March 9, 1912, by the heirs of the late Horace B. Ramey, who conducted the job printing busines known as G. H. Ramey & Son, on South Royal street. During his life time Mr. Ramey had seen the failure of many newspapers in Alexandria and had always refused to take any part in a number of propositions which had been made to him to engage in the business of establishing a daily newspaper.

His son-in-law, Lawrence W. DeMotte and brother, John B. DeMotte, both of whom claimed to be newspapermen of many years standing started the News shortly after Mr. Ra-

BETHLEHEM SCENES AGAIN IN EVIDENCE

Slaughter of Helpless Innocents by Bloodthirsty Bulgars.

HORRIBLE BARBARITY.

Seventeen Hundred Women, Children and Old Men Slaughtered —Conference in London.

Athens, July 24.—First-hand evidence of the alleged barbarity of the Bulgarians was given here today by Commander Caradale, of the British navy. He said that he counted 1,700 bodies of old men, women and children among the dead at Doxato.

Cardale said that the bodies of many of the little children were pierced through, indicating that the Bulgarians had tossed the little ones up in the air and caught them alive on their bayonets.

London, July 24.—An ambassadorial conference was called for this afternoon at the foreign office to consider the Balkan situation, but it was regarded as unlikely that the consultation would result in any decision regarding Adrianople, because of the well-known divergent views of several of the powers.

The meeting today was merely preliminary, paving the way to other conferences at which the ambasadors will be empowered to take decisive steps to end the Balkan struggle.

Must Use Care.

Acting Secretary of the Navy Roosevelt yesterday issued instructions to Lieut. Comar. Jonas H. Holden, inspector of ordnance in charge of the naval proving grounds at Indian Head, that special precaution be taken in the future to prevent any firing while naval vessels are passing the proving grounds.

This action fololwed investigation of an incident which ocurred several weeks ago when the Mayflower, with President Wilson on board, was returning from Chesapeake Bay.

mey's death when they came in possession of the printing office.

They claimed to have been promised assistance from a number of businses men and politicians who had become disgruntled when the Gazette had refused to lend itself to their plans. The support was not forthcoming and the DeMotte's had a hard struggle to keep the paper from going out of existence.

In August, 1912, a Stock Co., was organized of which J. Randall Caton, was made president. A number of business men became interested in the proposition through A. D. Brockett, a member of the City Council, who after his overwhelming defeat for mayor of Alexandria took an antipathy to the Gazette although the Gazette as a newspaper, had refrained from participation in the mayorality contest in accordance with its well established policy.

A. S. Doniphan became its president, Robert E. Knight, its secretary and treasurer, Lewis H. Machen its editor, Frank P. White business manager and Michael T. Dwyer, its city editor. Under this management the paper prospered more than at any other time in its history and would have possibly been able to continue had it not been for the lack of capital, the domination of business and political interests over its editorial policy and the unwarranted attacks made on public men and institutions which lost it circulation and prestige. Financial troubles later developed, and in December the plant of the newspaper was visited by a fire which destroyed several presses. The plant of the Gazette was placed at the disposition of the News and for more than a month the paper was printed from this office. The fire losses was fully covered by insurance and the News resumed publication from its own office last January.

Two weeks ago a petition filed by Mrs. Nellie V. Ramey, holder of 45 per cents of the capital stock, asking the appointment of a receiver was presented to the Corporation Court and on Monday the present receivers were appointed.

LOCAL BREVITIES.

Lewis H. Machen, for the last twelve months editor of the Alexandria Daily News, tendered his resignation to C. S. Taylor Burke and Walter C. Foster, who were appointed receivers of the News Publishing Company Monday.

Some very sweet Florida watermelons on ice are being displayed by the Chesapeake Fish and Oyster Co., who have recently opened a stand in the City Market. Fine select chickens and the best in the line of fish and all kinds of sea foods will be sold by this firm. J. W. Reed and Co., being the proprietors.

STRUCK SUBMERGED PILE.

The oyster sloop Harriet Smith, Captain Bailey in command, seriously damaged her bows yesterday when she struck some submerged piling about 100 yards below the Bryant's wharf.

The boat was heavily loaded with crushed oyster shells consigned to the Bryant's Fertilizer Works, and in attempting to dock the boat struck the piling and a bad hole was torn in her bottom. The deck load was removed as quickly as possible, but the boat being down in the water to her upper deck made it impossible to remove the load in her hold. Workmen will probably attempt to patch the opening in her bows and then pumps will be set to work to remove the water in her hold so the boat can be lightered.

PAVING STOPPED.

The paving of Pitt street has been temporarily stopped by lack of brick, a cvar load of which was wrecked yesterday in the Potomac yards, when the brakes on the car became loosened, allowing the heavily loaded car to run down an incline and crash into a string of box cars at the foot of the incline, which made kindling wood of several of the freight cars into which the car of brick crashed. As this car of brick was intended to supply the balance of the paving needed to finish Pitt street, the work will be delayed for several weeks or until another car can be shipped.

LEAVING BRADDOCK HOUSE.

The last of a large number of families who had occupied the old Braddock House, in north Fairfax street for several years, moved out yesterday, the owner of the building having served notice to vacate.

FUNERAL OF MRS. DAWSON.

Services Held From Residence This Afternoon.

The funeral of Mrs. Nicholas Dawson took place from her late residence, "Cameron," Seminary Hill, at 4 o'clock this afternoon. The interment was in the family lot, Ivy Hill, where she was laid to rest beside her husband, the late Maj. Dawson.

The honorary pallbearers were Col. Arthur Herbert. Capt. S.B.Davis, Capt. Doan Lee, Maj. John Lee. Col. Robt. E. Lee, Jr., and Dean Crawford, of the Seminary. The active pall bearers being Messrs. A. B. Davis, Loland Dawson, Morris Dawson, Angus Crawford, Jr., A. R. Hoxton, and George C. Stuart. Her son, Philip Dawson, will not be able to arrive from San Juan, Porto Rico, until Monday.

The services were conducted by the Rev. Dr. S. A. Wallis, of the Seminary.

Among those who attended the funeral from this city were Messrs. Harry R. Burke, C. Taylor Burke, William E. Fendall and Capt. R. S. Knox.

LAMAR'S ARREST EXPECTED TODAY

Agent of U.S. District Court on His Way to Washington.

COUNSEL IS PREPARED

"Wolf of Wall Street" Will, it is Believed, be Indicted for Impersonating Officer.

Washington, July 24.—Arrest of David Lamar, "The Wolf of Wall Street', is believed to be imminent.

It is reported that an agent of the United States District Court in New York is on his way here with a warrant for Mr. Lamar, this warrant being based on an indictment supposed to have been found by the Federal grand jury.

Coupled with this report is the appearance before United States Commissioner Anson Taylor, of Henry E. Davis, counsel for Lamar. Mr. Davis gave word that if Mr. Lamar is wanted he will appear.

If Mr. Lamar is arrested his case is likely to be fought out here, and not in New York. It is understood that his lawyer will immediately ask for a writ of habeas corpus on the ground that his clien thas committed no crime. It that event the court here will be compelled to pass on the question of whether Lamar's impersonating a congressman is impersonting "a Federal officer." This question is obviously the crux of the case.

Attorney General McReynolds, when the case first came up, said that there is a very grave doubt as to where an indictment will lie.

If Mr. Lamar elects to go to New York and fight the case there in the event of his being arrested, a fight will be made on a demurrer to the indictment. Here the question will be on a writ of habeas corpus, but the legal question to solve—whether a Congressman is an officer in the meaning of the statute—will be the same.

Mr. Lamar is reported to have made all arrangements for the procuring of bail in a large sum if he is arrested. No doubt is expressed that he will be admitted to bail, although the sum fixed is likely to be large.

PRESENT CAMPAIGN.

One of the Tamest in the Old Dominion for Many Years.

Richmond, Va., July 24.—The present week witnesses the opening of the campaign in Virginia for the governorship and other State offices to be filled at the election in Virginia next November. The activities of the campaign are confined almost wholly to the Democrats, who will name their candidates at a State primary one week from next Tuesday.

The present outlook is for one of the tamest campaigns the Old Dominion has seen in years. On the Democratic side there are contests for only half of the places on the State ticket. The fact that the farmers are busy with their record-breaking crops in also detracting from public interest in the campaign.

Henry C. Stuart, of Russell, will receive the Democratic nomination for governor without opposition. B. O. James, for secretary of state; A. W. Harmon, Jr., for State treasurer, and R. C. Stearnes for superintendent of public instruction, are also unopposed for the nominations.

The only contests in which any great interest is manfested are those for the nominations for lieutenant-governor and attorney-general.

BOLD ACT OF A NEGRO MAN

Seizes Three Young Women on South Alfred Street Early Last Night

Considerable excitement was caused on south Alfred street about 8:30 o'clock last night by the act of a young negro man who intercepted young white women on the street. He seized three and attempted to hug and kiss them. The outcry made by the young women brought together a large crowd, but, for some reason, the darkey was allowed to escape. A report of the affair was sent to the station house and all the officers on duty in the city at the time repaired to the scene and obtained a description of the assailant.

The assemblage in the neighborhood had by this time reached large proportions, and had the negro been captured and fully identified there is reason to believe that he would have been roughly handled.

Officers have today been engaged in making a close search for the miscreant.

The three young women believe they can identify the negro.

The boldness of the negro in attacking females on the street at an early hour in the night created much excitement in the southeastern section of the city where the negro population is dense.

The attacks last night are not the first which have been committed by negroes upon lone white women in the same section recently. A negro seized a white woman on Patrick street, between King and Prince, about two weeks ago. The woman managed to break away from her assailant. Another case where a white woman was intercepted in the same neighborhod a few nights ago is also reported.

A CORRECTION.

Editor Gazette:

There appeared in the Gazette of yesterday an article the purport of which was to the effect that the Alexandria Trades Council had indorsed Mr. John Thompson Brown for Commissioner of Agriculture. This is not strictly true. As a matter of fact the Trades Council has not taken any action in this matter at all. The Labor Day Committee of the Trades Council did however, adopt resolutions, which while distinctly disclaiming any desire or intention to indorse any candidate for the office of Commissioner of Agriculture, did express its confidence in the executive board of the State Federation of Labor and declared that in the opinion of the committee the executive board adopted the only course open to it under the conditions which confronted it.

I should be glad to have you make this correction.

MOUNT VERNON AVENUE

Attractive Book Published By A. J. Wedderburn By Authority of the Association

This latest publication on Mount Vernon Avenue is the most interesting which has as yet come from the press. It abounds in fine illustrations and maps of the proposed route of this contemplated boulevard which there is reason to believe will soon be constructed.

The conception of Mount Vernon Avenue was by Alexandrians years ago, and while the project has been sidetracked from time to time, the originators, some of our best known and most influential citizens, have never lost hope. At times the plan was near the crystallizing point, but for one reason or another Congress generally adjourned before final action could be taken.

Money sufficient to make surveys of the route was however appropriated a long time ago.

The late Mayor John R. Smoot was the first president of the Mount Vernon Associaton; Wm. B. Smoot, and E .E .Downham, vce presdents, and M. B. Harlow, secretary and treasurer. The late Frank Hume was a vice president of the association, and he manifested great interest in the movement. General Peter C. Hains, U. S. A., made the survey.

This entertaining book contains many local pictures of historic interest in Alexandria and vicinity, as well as pictures of prominent Alexandrians who are working in the interests of the proposed boulevard. It will be distributed freely among Congressmen and others and will doubtless increase interest in the movement and aid in the realization of the hopes of all concerned.

REGULATING MILK TRADE.

The health department of the city of Alexandria today received from the printer the new application blanks for permission to sell or exchange milk in this city.

These blanks are being mailed to every dairyman and shipper of milk in and near the city, with request that they be filled out and returned to the city health office within a specified time.

Under the new health law of the city, no person shall deliver or exchange milk without a permit to do so from the health officer of the city.

Upon receipt of the blanks filled out by the dairyman, Dr. Garvey, deputy health officer, will inspect the dairies, the dairy herd, and to such as meet the requirements of the city health code in cleanliness and sanitary operation and milking conditions, a perment license will be issued giving permission to dispose of the milk in Alexandria.

The health office is also sending out application blanks to persons in the city who desire a license to practice midwifery.

Special Officer Arthur Sisson invites merchants who desira his services to communicate with him at 715 South Lee street, where satisfactory arrangements can be made. He will go on duty at 8 p. m. and remain until 5 a. m. 22 3t.

SCALDED BY BURSTING PIPES

Boilermaker is Severely Injured in Accident.

Richmond, Va., July 24.—D. H. Dennison, a young man employed in the boiler department of the Richmond Locomotive Works, was severely scalded last night, a hot water pipe bursting while he was near it.

Dennison was removed to Grace Hospital. There he was reported this afternoon as being in a serious condition. He was scalded about the body, arms and legs, and his injuries have affected some of his organs in the intestinal region.

Dennison's home is at 617 Holly street.

PETERSBURG'S DEATH RATE.

Negroes Double That of Whites—Births Among Colored Families Also Smaller.

Petersburg, Va., July 24.—The annual report of Dr. R. A. Martin, Health officer, shows a total of 559 deaths in Petersburg during the year ending June 26, including deaths of non-residents in the hospital and death in the almshouse.

Of the decedents 213 were white and 346 colored. The annual death rate per 1,000 was 22.3, the rate among the white population being 15.5 while that among the colored population was 30.6. There were 149 death among children under 5 years of age, and twenty one among persons of 80 years or over.

Every year and practically every month shows a large excess in mortality among the colored race over that among the whites, and this notwithstanding the fact that the colored population is $2,000 or more less than the white population.

There were eight deaths from typhoid fever, one from diphtheria and seventy-one from tuberculosis in its varied forms during the year. There were six cases of small pox, fifteen of scarlet fever, and 155 of measles, with no fatalities.

During the year 615 births were registered with the health department—whites, 322; colored, 239.

It has deveoped that Wilbur Martin, of the battleship Connecticut, who was killed in a tenderloin saloon in Philadelphia early yesterday morning with "knockout" drops, probably was the wealthiest sailor in the American navy. Martin comes from Anderson, S. C., and last March received from estate of his mother $250,000. Papers in his possesion showed that he was the owner of much real estate, as well as of stocks and bonds. He was only 24.

JUNKMAN BEATEN AND SHOT.

David Cooper, of Baltimore, Likely to Die at Lynchburg.

David Cooper, a Russian junk dealer from Baltimore, was taken to the Lynchburg (Va.) City Hospital in an automobile by Odd Fellows from Amherst county yesterday. He had been shot Tuesday evening at Sandidges, he says, by John P. Beard and Bascom Williams, of Amherst Court House, who were bailed there yesterday morning in $1,000 each for their appearance at a preliminary hearing today.

Cooper, who is an Odd Fellow, is likely to die. According to the dispatch, he said he met Beard and Williams, who were drinking, and after shouting at him they stoned him and chased him into his wagon, where they set upon him, and beat him, shot him, threw him out and were beating him again, when assistance came from the mill at Sandidges. He was shot in the spinal column between the shoulder blades.

SNATCHES TRAY OF WATCHES.

Negro Sneak Thief Executes Robbery in Heart of Richmond.

Richmond, July 24.—A bold and daring sneak thief sliped early yesterday afternoon in the jewelry store of H. Cohen, 707 East Main street, and got away with a tray filled with a dozen gold watches valued at several hundred dollars.

Miss Edna Cohen, daughter of the jeweler, was the only occupant of the place at the time. Standing behind a case in the rear of the establishment she glimpsed a negro youth sneaking out of the front door, and it took her but a moment or two to ascertain that with him went the tray of watches which were in a case near the door.

Miss Cohen did ont see the thief enter, and he evidently did so when she had her back turned or a moment.

Once in the store, it was easy enough for him to reach around the case and remove watches. I nan adjoining case were several trays of diamonds, but these were not disturbed.

Except that he wore a cap and was in his shirt sleeves, Miss Cohen, was able to get but little description of the intruder, who ran rapidly down Main street and disappeared around Eighth before she could sound the alarm.

Mr. Cohen was at lunch at the time, Upon his return to the store he said that the watches were fully insured.

ROBS ROOMMATE.

Tortured by Conscience, Young Man Gives Himself up to Police.

Richmond, Va., July 24.—Conscience stricken, R. A. Lipscomb, 18 years old, who says his parents reside in Charlotte county, seven miles distant from Chase City, surrendered to Policeman Warriner at the First Station Tuesday night, saying that he had robbed J. N. Lynch, of Townsville, N. C., last Friday, and wanted to give himself up and answer for his misdeed. He also said he had passed two worthless checks for $5.00 each, drawn on a Townsville bank.

Lipscomb has been working for some time in a box factory at the place, and according to his statement has been rooming with Lynch, who worked in the same factory.

Lynch, he says, gave him the $20 to keep, and that he was unable to resist the temptation to spend the money.

He came to Richmond, got on a spree and thereby hangs the tale.

When called in the Police Court his case was continued for ten days, pending further investigation by the police.

Lipscomb, who is of rather neat appearance, was out of funds when he appeared at the police station.

There was another brief scare in the British House of Commons last night, when a blank cartridge was exploded. The shot was fired from the stranger's gallery. The culprit, a member of a socialist club at Leeds, was seized and ejected from the building.

CAVALRY MANEUVERS.

The Mounted Arm of the Service Begins Hard Work.

Winchester, Va., July 24.—With 2,300 officers and troopers of the Tenth, Eleventh and Fifteenth United States Cavalry particpating, the first manuvers of the great war game planned by the cavalry board of the army to mark the beginning of a rehabilitation of the mounted arm of the service began yesterday on the two-mile battlefield four miles south of here. Members of the cavalry board were on hand to witness the tests, which had been arranged by the board after several months' study in Europe of the cavalry of England, France, Russia, Germany and Austria. For two months the troops will follow the carefully laid plans of the board, and during that time will test every feature used in the cavalry of the foreign armies.

Col. C. H. Murray, of the Twelfth Cavalry, who commands the brigade of troopers, said today "This concentration of the regiments is for a serious purpose and the work will be very hard. It will by no means be a frolic or a picnic."

The program as outlined by the board has not been made public, and it is not likely to be given out. The troopers are in splendid condition after the long march from their home posts. The Eeventh came from Fort Oglethorpe, Ga., the Tenth from Fort Ethen Allen, Vt., and the Fifteenth from Fort Myer, Va., except a portion which was stationed at Chicago and came by train. A horse battery came by rail from Fort Riley, Kan.

During their $60-day stay the men will be worked hard, carrying out the plans of the cavalry board as approved by the General Staff of the Army.

DIES OF PISTOL WOUND.

Young Farmer Succumbs in Roanoke Hospital Tuesday Night.

Samuel D. Gray, the young Montvale farmer, shot Saturday evening near that place by Clement W. Wilkinson, died last night at a local hospital at noon today for interment and the body was sent to Montvale. Gray's father, C. T. Gray, came here this morning to look after removal of the body.

Gray was shot after a difficulty with Wilkinson, in which, it is alleged the former first attempted to use a pistol. Wilkinson is said to have wrenched the pistol from his assailant's hand and shot him in the hand and abdomen. Little hope was held dout for Gray"s recovery by physicians at the hospital.

Bad blood of several years' standing is said to have been responsible for the killing. Wilkinson told a magistrate of the difficulty and was released, it appearing at the time he acted in self-defense.

The Truth About Electric Cooking

For large families where the average domestic help is employed and a large amount of cooking done, Electric Cooking will be found more expensive, and in most cases not advisable.

In small families, where no help is employed, and where nice equipment is desired, Electric cooking will be found many times more convenient, more certain in results and safer in operation—as well as reasonable in cost.

In every family a few utensils for early breakfast emergency and special uses—and for cheering up cold meals with a warm dish or two—is highly advisable from every standpoint, including that of economy.

PROPOSED NEW HIGH SCHOOL.

The amended report of the joint committees on schools and finance adopted last night by the Board of Aldermen eliminates the lot at Cameron and West streets as the site for the proposed new high school building. A lot in any section of the corporate limits however can be selected for the purpose. As will be seen by the proceedings of the board a decided majority of the Aldermen are opposed to erecting the structure outside the city limits, which would be the case were the building placed upon the lot recently acquired by the city.

When this lot was purchased it was confidently expected that a certain portion of the territory, including Rosemont, lying northwest and binding upon Alexandria, would be incorporated in the city, but the denial by Judge Gordon of any portion of the district claimed by the city has considerably changed conditions.

A majority of the members of the joint committes set forth their convictions in the report which is printed in full. It remains to be seen whether the Common Council will concur in the action of the upper board.

During the discussion of thereport last night Mr. Field read a carefully-prepared paper in which he gave a resume of the proceedings leading up to the purchase of the lot at Cameron and West Streets and the subsequent legislation looking to placing the new school building on that site. Among other things he said:

The report which I have presented as representing the views of a majority of the committees on finance and school is fully in accord with those which I have held and maintained since it was proposed to put a school on West Street, and are separate in my mind as to any conditions or plans to raise money to build a school house.

The Finance Committee understood the situation, they had no ulterior motive in delaying action and because they would not be hurried it is to be regretted that so much pressure was brought to bear upon them by organizations and societies and even by threats of indignation meetings by persons who did not understand the financial condition of the city as the committee did.

The children of this city and of all lands should and will receive their education under pleasant and proper conditions. School houses must be erected with modern conveniences and the best sanitary appliances, with capable teachers employed to instruct the children in such buildings as the times demand. Yet schools are not more sacred than other things that go to make a city. Public buildings, engine houses, armories, hospitals, houses for the poor and the care of the poor, as well as the streets, all these things and many others that might be mentioned are essential to the community.

Speaking for myself alone, the school question, or the school employee, by whatever name called, appeals to me just the same way and to the same extent, that I would consider any public question affecting any municipal employee, from the teller who works on our streets to the mayor of the city. These are some reasons and there are others which have been my guide in the consideration of this matter. I have stated in comittee that I was willing to vote to erect a building on the Washington street lot, and would endeavor to see that the money was raised to pay for it. This has been met with the statement that the lot was not big enough. It is 87 feet on Washington by 155 feet on Wolfe street. The claim is made that the schools are crowded, in the school report for 1901 and 2, on page 133 appears,

White enrollment 1289
Average daily attendance 1031

Ten years later, 1911 and 12,

White enrollment 1297
Average daily attendance 1114

The number of white pupils enrolled last year, 1912-13, was 1464. This shows an increase in teh eleven years of 175.

The increase in salaries of white teachers from 1901-02, to 1911-12 was about $2,400., and further increase, aggregating $1,350, have been announced for 1913-14. In comparing the number of scholars enrolled during 1912-13, with those enrolled 1901-02, I do not wish to convey the idea, that I think the school rooms are sufficiently large, because such a small increase in enrollment is shown in past eleven years.

1902-02, children younger by 2 years were admitted, and it is not only a fair inference, but the natural conclusion, that the falling off of those under seven years, has been filled by both male and females, older and larger, and of course the room space must be increased.

It is assumed that the Lee school for girls was built to take care of some of the increase and has met the requirements so far, and it is noticed that at the July meeting of the School Board, it requested the vacancy of a room used for purposes other than our public school system. It remains now for us as son as possible to make needed accommodations for the boys' school. The question is where shall we place it? I am opposed to West street as a proper site. It has been said and it is true, that here are three lessons in dealing with public problems:

"One of them is, the wisdom of going ahead slowly and only after the best possible advice has been obtained.

Another is, the wisdom of demanding the right solution and consenting to nothing else.

And a third is the supreme necessity of an economical and efficient management of the city."

NEWSPAPERS IN ALEXANDRIA.

The suspension of publiction of the Alexandria News, which had been struggling for existence under adverse circumstances during the past year or more and the appointment of receivers to settle up its affairs, adds another newspaper shipwreck to many which have occurred in this city during the past three-score years. The fact that this enterprise, never emreged from the nursery, may be ascribed to the malady which has cut short the career of most other ventures in journalism in Alexandria. It seems difficult to make novices of the quill realize that a newspaper has other missions save that of putting on armor against competitors and all in authority. It has often occurred to us that people engaged in other occupations see no reason why they should become deadly enemies.

Publishers of newspapers should also live on good terms.

But it is a fact that during the past half century fledgings in Alexandria sanctums have been as silly as Don Quixote when he attacked windmills.

The wise man in the Book of Ecclesiastes says: "Whoso breaketh through a wall shall be bitten by a serpent"—that is that disaster inevitably comes to those who have the temerity to attempt to break up the regular order of things.

At the time of the breaking out of the civil war there were two papers in Alexandria—The Gazette and The Virginia Sentinel—the latter published by Smith Brothers. It was politics which kept the papers at daggers' point, although the Gazette at that time maintained its time-honored dignity by carefully avoiding any rejoinder to attacks made upon its conservative course.

The war came on later and the rival publishers, finding themselves in the same boat, allied to the cause of the late Southern Confederacy, lived and died firm friends.

During the four years' civil war the Gazette had much with which to contend. Rival newspapers made vicious attacks upon the paper while the publishers were denying themselves the comforts of life in publishing a paper to chronicle the local happenings. It was a losing proposition at that time. Its journalistic enemies were reveling in government pap and indulging dreams that the Gazette would be obliterated under the changed conditions. The war finally closed when the old Gazette shot from behind the cloud which had kept it in partial eclipse and resumed its place as a star of the first magnitude in the newspaper constellation. Rival papers passed away with the war.

Many attemps have since been made by people with no journalistic training to establish a second paper in Alexandria. The would-be wielders of the quill never seemed to realize the cost and the great obstacles which have always proven insurmountable from the fact that the city is handicapped by Washington and Baltimore publishers who flood the city daily with papers.

The Gazette is again left alone in the field and we can but repeat what we have often uttered before that we regret that conditions are against a second Alexandria newspaper. Although the Gazette has been the household journal of this city for a century and a half, following the fortunes of old Alexandria through good and evil report, rejoicing with her people in prosperity and mingling our tears in times of adversity, we make no claims to monopoly.

The mission of the Alexandria News has been brief, as has been the career of a number of others whose publishers strangely imagine that it is necessary to carp and take exceptions to everything and always carry a chip on the shoulder in order to be an editor.

A CONFESSION

Hopes Her Statement, Made Public, will Help Other Women.

Hines, Ala.—"I must confess", says Mrs. Eula Mae Reid, of this place, "that Cardui, the woman's tonic, has done me a great deal of good.

Before I commenced using Cardui, I would spit up everything I ate. I had tired, sleepy feeling all the time, and was irregular. I could hardly drag around and would have severe headaches continuously.

Since taking Cardui, I have entirely quit spitting up what I eat. Everything seems to digest all right, and I have gained 10 pounds in weight."

If you are a victim of any of the numerous ills so common to your sex, it is wrong to suffer.

For half a century, Cardui has been relieving just such ills, as is proven by the thousands of letters, similar to the above which pour into our office, year by year.

Cardui is successful because it is composed of ingredients which act specifically on the womanly constitution, and help build the weakened organs back to health and strength.

Cardui has helped others, and will help you, too. Get a bottle today. You won't regret it. Your druggist sells it.

Owes Life to This Consumption Remedy

It is beyond human power to perform miracles. The makers of Eckman's Alterative, a remedy for Consumption, do not claim that it will restore every one to perfect health, but so many have voluntarily testified it saved their lives, that all who have this dread disease should investigate and try it. It should stop the night sweats, reduce fever, promote appetite and in very many cases, prolong life. Read what it accomplished in this case:—

Catherine Ave. and Ascot Place,
Queen's Court, L. I.

"Gentlemen: In the year 1908 I was taken with a heavy cold and a nasty cough and went to several doctors, including a specialist. Their medicines failed. I then went to the Catskills, but the cough still kept up. I stayed there a year and then went on a farm near Jersey City, a very sick man.

"My brother then recommended Eckman's Alterative to me very highly. At first I would not consent to use it, owing to the fact that I had taken so many medicines without being helped in any way, but finally I consented. It is now nearly two years since I first took it. I am now cured and I dare say that I would have been buried long ago if it had not been for Eckman's Alterative. I wish to thank you for the Godsend to me. Wherever I go I highly recommend the Alterative, as I owe my life to it."
(Sworn Affidavit) JOS. J. TROESCHER.

Eckman's Alterative is effective in Bronchitis, Asthma, Hay Fever, Throat and Lung Troubles, and in upbuilding the system. Does not contain poisons, opiates or habit-forming drugs. Ask for booklet telling of recoveries, and write to Eckman Laboratory, Philadelphia, Pa., for more evidence. For sale by all leading druggists

Surprising Cure of Stomach Trouble.

When you have trouble with your stomach or chronic constipation, don't imagine that your case is beyond help just because your doctor fails to give you relief. Mrs. G. Stengle, Plainfield, N. J., writes: "For over a month past I have been troubled with my stomach. Everything I ate upset it terribly. One of Chamberlain's advertising booklets came to me. After reading a few of the letters from people who had been cured by Chamberlain's Tablets, I decided to try them. I have taken nearly three-fourths of a package of them and can now eat almost anything that I want. For sale by all dealers.

NEWS OF THE DAY.

An autopsy has disclosed the wound that caused the death of Mrs. Emma Corduan, found dead Tuesday night under the bed in her home. The coroner's physician said that a sharp round instrument had been driven through the roof of the woman's mouth into her brain. The police thought the wound could have been inflicted with a rat-tail file and are hunting for William Corduan, the murdered woman's husband, who is a file-maker.

Pope Pius received in private audience yesterday sixty-five Canadian and American pilgrims. They were conducted by the Rt. Rev. Micael O'Fallon, Bishop of London, Ontario.

George W. Cropley, for the last thirty-five years engaged in the drug business at Thirty-first and M streets, northwest, Washington, died yesterday. He was 75 years old.

A Tokyo dispatch says that the Japanese government, disatisfied with the reply of Secretary of State Bryan to its protest against the California alien land bill, is preparing a third note of protest to the United States, and that it will be ready for presentation within a few days.

Dr. Thomas C. Smith, a practicing physician here for half a century, and the second oldest meber of the Medical Society, of the District of Columbia, died at 3 o'clock yesterday afternoon at his home, in Washington. He was 71 years old.

After falling 110 feet, from the top of a smokestack to a steel roof, and after stopping with his head a bucket of tar which had followed him in the plunge. Edward Horner, a steeplejack at the Granite City, (Ill.) steel works, yesterday waved aside hospital attendants who had come to remove his remains, and then walked half a mile to his home. There a physician said, although Horner's head and shoulders were badly bruised and that he was probably internally injured, he might recover. Horner had been hoisted to the top of the stack preparatory to painting it when the rope broke.

Cameron, N. Y., was nearly wiped out yesterday by a fire which destroyed the business section. The damage done is estimated at nearly $50,000.

In a decision handed down yesterday by Surrogate Cohalon in New York, William Ziegler, Jr., adopted son of the late "baking powder king," is given title to the accumulated surplus income of the residuary estate of the late William Ziegler. Young Ziegler reached his majority some time ago, and the accumulated income, which amounts to about 40,00,000, will be paid to him immediately.

The Portuguese republic is tottering. The country is overrun with the revolutionary movement to overthrow the republican form of government and re-establish the monarchy. It is said that the movement is the best organized since King Manuel was dethroned, and is spreading everywhere. Troops are being rushed to all points to check the rapidly spreading rebel lion, which the government officials consider the most serious they have had to contend with since the new form of government was established.

James Thomas Sothoron, 45 years old, a well-krown lawyer, who practiced in Washington for 25 years, comitted suicde early yesterday by shooting himself in the right temple with a .32-calibre revolver. He had been suffering from nervous exhaustion for six months or more.

Frank Savage, 19 years old, of 497 I street southwest, Washington, was drowned in Washington channel yesterday afternoon, after he overturned the canoe in which he and two other youths were paddling past Washington barracks. Savage, who could swim only a few strokes, would not have drowned had he clung to the capsized craft until help reached him.

Up to a late hour last night no trace has been found of the three young women of Trenton, N. J., and six men from Florence, N. J., who, when last seen Sunday evening, were stranded in a disabled motorboat on the Delaware river.

Congressmen John W. Davis, of the First West Virginia district, will be tendered the appointment of Solicitor-General of the United States.

Board of Aldermen.

At an adjourned meeting of the Board of Aldermen of the City of Alexandria, Va., held July 23, 1913, there were present

F. F. Marbury, Esq., president; and Messrs. Hill, Brill, Ogden, Ballenger, Field and Fitzgerald.

The following were received from the Common Council and their action concurred in

A resolution appropriating $250 to defray the expenses of Mr. Urban Lambert in obtaining a decision of the Court of Appeals, determining his legal rights to a seat in the Common Council from the First Ward.

A resolution to pay the expenses of Mr. Urban Lambert and Mr. Robert S. Barrett, in the case recently decided by the Court of Appeals.

A petition from Mrs Heishley for a sewer at No 124 South Fairfax St.

A communication from the Department of health requesting that some arrangements be made to flush the city sewers each week.

A communication from the department of Health, requesting repairs to the pumps on the north side of Prince street between Fayette and Henry streets.

A petition from Mrs. M. A. Shinn to erect frame kitchen at No. 200 Payne street.

A petition of Mrs. Florence Beach, widow of the late Jefferson D. Beach, asking for $163.61 for 83 day's time lost on account of sickness of her late husband from the police force. Ayes, 6; noes, 0.

A petition from Miss Lucy M. Graves to remodel dwelling corner Fairfax and Gibbon streets, and extend the walks of the back building 8 feet above the present neight.

Permission to Charles Poindexter to erect frame house, two stories, with fire proof roof at the corner of Oronoco and Pitt streets.

A resolution authorizing the Committee on Streets and City Engineer, to purchase paving brick for North Alfred street, without advertising, same price as quoted April 18, 1913, for other street work.

A petition from property owners on Columbus street between Queen and Princess streets, for a 30-ft macadam roadway with 2 1-2ft. vitrified brick gutters with granite curb.

A resolution providing for the erection of an arc light at the intersection of Oronoco and Union streets, passed by the Common Council, was received from that board.

Mr. Ballenger moved to concur in the action of the Common Council. This was lost by the following vote; Ayes, Messrs. Ballenger Field and Ogden—3. Noes, Messrs. Brill, Fitzgerald and Mr. President—3.

The resolution was then referred to committee on light by the following vote: Ayes, Messrs. Brill, Field, Fitzgerald and Mr. President—4. Noes:Messrs, Ballenger and Ogden—2.

Mr. Field, from the joint committee on Schools and Finance, to whom had been referred sundry papers looking to the erection of a new high school building at Cameron and West streets, submitted a report.

The report was amended by the following vote: Ayes, Messrs. Hill, Field, Ogden, Fitzgerald and Mr. President—5. Noes, Mesrs. Brill and Ballenger—2.

The report, as amended, was then adopted by the following vote: Ayes, Messrs. Hill, Ogden, Field, Fitzgerald, Mr. President—5. Noes, Messrs. Brill, and Ballenger—2.

The following is the report as amended and adopted

Your joint committees, Finance and Schools, who have had under consideration for some time the erection of a new high school building, feel very keenly the need of such a building in the near future. The lot which we purchased at the corner of West and Cameron streets, has a considerable portion lying outside the city limits, and the city has a lot on the corner of Washington and Wolfe Sts., adjoining Washington School building, the size is about eighty-seven by one hundred and fifty-six feet (87x156.)

Our financial condition is as follows:

On June 1 we owed a temporary loan of $45,000.00. Our appropriation bill for the present fiscal year, including this temporary loan, exceeds our estimated receipts for the same period, $10,000.00.

In addition to this, the street work now under construction, and other items for which appropriations have been made, aggregate $41,715.00, making a total of $51, 715.00, which will be needed June 1, 1914, to carry us through, should we not make another appropriations for any extraordinary purpose during the present fiscal year.

In view of these facts now staring us in the face, we deem it advisable to go slow, for some months, at least. We feel that to erect the high school on the West street lot would entail a further expenditure of at least $40,000.00, including the approaches to the site, grading, etc., and we recommend, in view of these conditions, that such a building as the School Board needs, be erected at some place withing the limits of our city, either on the lot adjoining the Lee School Building on Prince street, or on the lot on the corner of Washington and Wolfe streets, where we have a lot 78 feet by 156 feet, which seems ample for such a building as asked for by the School Board and which we understand can be erected for $28,000.00, or in some other location within the city limits that may be acceptable to the City Council and City School Board.

Respectfully submitted,
HENRY K. FIELD,
Chairman Joint Com. on Finance and Schools.

July 23, 1913.

Mr. Fitzgerald offered a resolution providing that when the board adjourn it be to meet again at the call of the presidents of the respective boards. He subsequently withdrew the resolution.

The Board then adjourned.

THE BALKAN SITUATION.

Hurried Conferences Held in British Foreign Office.

London, July 24.—Several hurried conferences were held yesterday at the foreign office between Sir Edward Grey, foreign secretary, and various ambassadors, concerming the Balkan situation.

Intervention is regarded as inevitable, but the question agitating the powers is whether they shall all take a hand, or delegate the task to one power. If only one, which one? Obviously, the Turk, by repossessing Adrianople, Kirk Kilisee, and, perhaps, Lule Burgas, has "snapped his fingers" under the collective nose of the great powers, and he must be disciplined.

Likewise the allies, fighting among themselves over the spoils of their war against the Moslem, are defying the clearly expressed wshes of their powerful neighbors, and they too must be disciplined.

Russia is believed to be the most available power for the job. It is semi-officially stated that Russia has expressed willingness to accept a mandate from the powers to pacify the allies and coerce Turkey into respecting the treaty of London.

Sofiia, July 24.—The Bulgarian government today forwarded to the powers a formal protest against the alleged atrocities of the Turks in Adrianople and Kirk Kilisse. The note stated that the Moslems, in repossessing themselves of the cities and territory taken by Bulgaria, needlessly massacred the inhabitants and practiced indescribable cruelties upon them.

The Bulgarian note also reiterated the nation's protest against the action of the Turks in renewing war and reoccupied captured territory, asserting that, by so doing, the porte is violating the recent treaty of London and defying the concert of the powers.

Belgrade, July 23.—It was announced this afternoon that the Servians had captured Belogradchik, in Bulgaria, after fierce fighting. Losses on both sides were said to be considerable. The biggest part of the battle was at St. Nicholas.

Notwithstanding the meeting of the peace delegates at Nish, both the Greeks and Servians continue their operations against the Bulgarians, and it is not known that the Roumanian advance toward Sofia has been halted.

Throughout yesterday the Vatican was in a veritable state of siege. This was the outcome of the mutiny of the Swiss guards, whose demands, in the form of a memorial relating their grievances and setting forth the conditions on which they would remain in the service, were flatly rejected today. Three leaders in the movement were expelled from the Vatican. Four others left last night, and twelve have requested leave to depart for their homes in October. Those who left were accompanied to the gates of the Vatican by their comrades. At the moment of separation they cried. "Viva Garibaldi!" Some of them joined in singing the "Marseillaise."

DEBT COMMISSION TO MEET.

Representatives of Virginia and West Virginia to Confer Today.

Washington, July 24.—The West Virginia and Virginia debt commission, appointed by Governors Hatfield and Mann, will meet in Washington today for the purpose of seeking a final settlement of the 40-year dispute over West Virginia's share of the Virginia's before-the-war-debt.

The Supreme Court of the United States has held that West Virginia should have assumed a part of Virginia's debt when it became a separate state. The amount was not fixed but it was left to the states to settle The amount the debt ranges is about $7,000,000. The interest will run the total up to $20,000,000.

Virginia will not be financially benefitted by West Virginia paying a porsion of the debt. The money will go to the holders of the old bonds. The question of whether Virginia should pay all the bonds or two-thirds of them was made a political issue in that state 30 years ago. The readjusters, led by General Mahone, won, and the state debt was readjusted, the state assumed the responsibility for two-thirds of the value of the bonds. Virginia promised her good offices to secure a settlement from West Virginia, and for 30 years she has been trying to compel West Virginia to pay that portion of the bonds she refused to pay.
